Title of proposed joint technical project: \_\_\_\_\_

- Please answer the following questions on a separate sheet(s) and attach to this form:
1. Describe anticipated project outcome (e.g., product, process, capability)
  2. Provide a Statement of Work (SOW) consisting of:
    - (a) A comprehensive description of the agreement.
    - (b) The responsibilities of the parties including the participant, MSFC, and joint responsibilities.
    - (c) A schedule of proposed activities along with important dates.
  3. Describe unique MSFC resources (facilities, equipment, materials, expertise) needed to accomplish task.
  4. Describe what effort, resources and the level of reimbursement your company will provide.
  5. In the collaborative effort that you have requested, please provide an approximate value for your company's investment in support of this proposed activity. This may include the value of your facilities, labor and equipment (such as models, prototypes, or materials) that will not be reflected in the terms of the agreement. This amount should not include the value of intellectual property or money to be reimbursed to NASA. (This confidential information will only be used internally for statistical purposes to support the Technology Transfer Program.)
  6. Will your personnel be working on site at MSFC? Will they require office space and equipment? If so how much space and for how long?
  7. Describe any past, current or prospective relationships (e.g., contracts, grants, agreements, etc.) your organization has with NASA, the U.S. Government, and/or other entities ( domestic or foreign), which may be related to the proposed project.
  8. If your business entity is not domestically owned and operated, please explain.
  9. Please provide the names of any MSFC Technical Points of Contact.

I certify that every reasonable effort has been made to locate a non-government source for performing this project and to the best of my knowledge no alternative source is feasibly available. Any information (hereon or otherwise) that we wish protected from non-governemental personnel will be marked as proprietary. We understand these activities are either fully or partially reimbursable to MSFC and that execution of agreements can take up to 75 working days dependent upon complexity fo negotiations, timely submission of required information and availability of resources.
